Management's Responsibility for the Financial Statements

The accompanying financial statements of the District School Board of Niagara are the responsibility of the Board management and have been prepared in compliance with legislation, and in accordance with generally accepted accounting principles for local governments established by the Public Sector Accounting Board of The Canadian Institute of Chartered Accountants. A summary of the significant accounting policies are described in Note 1 to the financial statements. The preparation of financial statements necessarily involves the use of estimates based on management's judgment, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

Board management maintains a system of internal controls designed to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded in compliance with legislative and regulatory requirements, and reliable financial information is available on a timely basis for preparation of the financial statements. These systems are monitored and evaluated by management.

The Board meets with management and the external auditors to review the financial statements and discuss any significant financial reporting or internal control matters prior to their approval of the financial statements.

The financial statements have been audited by KPMG LLP, independent external auditors appointed by the Board. The accompanying Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the Board's financial statements.

AUDITORS' REPORT

To the Board of Trustees of the
District School Board of Niagara

We have audited the consolidated statement of financial position of the District School Board of Niagara as at August 31, 2006 and the consolidated statements of financial activities and changes in financial position for the year then ended. These financial statements are the responsibility of the Board's management. Our responsibility is to express an opinion on these consolidated financial statements based on our audit.

We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we plan and perform an audit to obtain reasonable assurance whether the consolidated financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the consolidated financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation.

In our opinion, these consolidated financial statements present fairly, in all material respects, the financial position of the School Board as at August 31, 2006 and the results of its operations and changes in its financial position for the year then ended in accordance with Canadian generally accepted accounting principles.

DISTRICT SCHOOL BOARD OF NIAGARA

Notes to Consolidated Financial Statements

Year ended August 31, 2006

1. Significant accounting policies:

The financial statements are prepared by management in accordance with generally accepted accounting principles for local governments established by the Public Sector Accounting Board of The Canadian Institute of Chartered Accountants.

(a) Reporting entity:

The consolidated financial statements reflect the assets, liabilities, revenues, expenditures and fund balances of the reporting entity. The reporting entity is comprised of all organizations accountable for the administration of their financial affairs and resources to the Board and which are controlled by the Board.

School generated funds, which include the assets, liabilities, revenues, expenditures and fund balances of various organizations that exist at the school level and which are controlled by the Board are reflected in the consolidated financial statements.

Consolidated entities:

Education Foundation of Niagara
School Generated Funds

Interdepartmental and inter-organizational transactions and balances between these organizations are eliminated.

(b) Trust Funds:

Trust funds and their related operations administered by the board are not included in the consolidated financial statements, as these funds are not controlled by the Board.

(c) Basis of accounting:

Revenues and expenditures are reported on the accrual basis of accounting. The accrual basis of accounting recognize revenues as they are earned and measurable; expenditures are the cost of goods and services acquired in the period whether or not payment has been made or invoices received.

(d) Cash and cash equivalents:

Cash and cash equivalents comprise of cash on hand, demand deposits and short-term investments. Short-term investments are highly liquid, subject to insignificant risk of changes in value and have a short maturity term of less than 90 days.

DISTRICT SCHOOL BOARD OF NIAGARA

Notes to Consolidated Financial Statements, page 2

Year ended August 31, 2006

1. Significant accounting policies (continued):

(e) Temporary investments:

Temporary investments consist of marketable securities that are liquid short-term investments with maturities less than three months at the date of acquisition, and are carried on the Statement of Financial Position at cost.

(f) Capital assets:

The historical cost and accumulated depreciation of capital assets are not reported. Capital assets are reported as expenditures on the Consolidated Statement of Financial Activities in the year of acquisition

(g) Deferred revenue - Reserves:

Certain amounts are received pursuant to legislation, regulation or agreement and may only be used in the conduct of certain programs or in the delivery of specific services and transactions. These amounts are recognized as revenue in the fiscal year the related expenditures are incurred or services performed

(h) Retirement and other employee future benefits:

The Board provides defined retirement and other future benefits to specified employee groups. These benefits include pension, life insurance & health care benefits, retirement gratuity, and worker's compensation. The Board has adopted the following policies with respect to accounting for these employee benefits:

- (i) The costs of self-insured retirement and other employee future benefit plans are actuarially determined using management's best estimate of salary escalation, accumulated sick days at retirement, insurance & health care costs trends, disability recovery rates, long-term inflation rates and discount rates.

For self-insured retirement and other employee future benefits that vest over the periods of service provided by employees, such as retirement gratuities and life insurance and health care benefits for retirees, the cost is actuarially determined using the projected benefits method prorated on service. Employee future benefits for sick leave that accumulate but do not vest have also been actuarially determined using the projected benefits method. Under this method, the benefit costs are recognized over the expected average service life of the employee group. Any actuarial gains and losses related to the past service of employees are amortized over the expected average remaining service life of the employee group.

For those self-insured benefit obligations that arise from specific events that occur from time to time, such as obligations for worker's compensation, the cost is recognized immediately in the period the events occur. Any actuarial gains and losses that are related to these benefits are recognized immediately in the period they arise.

DISTRICT SCHOOL BOARD OF NIAGARA

Notes to Consolidated Financial Statements, page 3

Year ended August 31, 2006

1. Significant accounting policies (continued):

(h) Retirement and other employee future benefits (continued):

- (ii) The costs of multi-employer defined pension plan benefits, such as the Ontario Municipal Employee Retirement System pensions, are the employer's contributions due to the plan in the period;
- (iii) The costs of insured benefits are the employer's portion of insurance premiums owed for coverage of employees during the period.

(l) Reserve and reserve funds:

Certain amounts, as approved by the Board trustees, are set aside in reserves and reserve funds for future operating and capital purposes. Transfer to and/or from reserves and reserve funds are an adjustment to the respective fund when approved.

(j) Government Transfers:

Government transfers, including legislative grants, are recognized in the consolidated financial statements in the period in which events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met and reasonable estimates of the amount can be made.

(k) Investment income:

Investment income earned on surplus operating funds, capital funds, reserves and reserve funds are reported as revenue in the period earned.

Investment income earned on externally restricted funds such as pupil accommodation and special education is added to the fund balance and forms part of the respective deferred revenue balances.

(l) Budget figures:

Budget figures have been provided for comparison purposes and have been derived from the budget approved by the Trustees. The budget approved by the Trustees is developed in accordance with the provincially mandated funding model for school boards and is used to manage program spending within the guidelines of the funding model. Given differences between the funding model and generally accepted accounting principles for local governments established by the Public Sector Accounting Board, the budget figures presented have been adjusted to conform with this basis of accounting as it is used to prepare the financial statements. The budget figures are unaudited.

(m) Use of estimates:

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenue and expenditure during the reporting period. Actual results could differ from these estimates.

2. Deferred revenue - reserves:

The use of certain reserve funds are restricted by the provincial government regulations. It is a requirement of the public sector accounting principles of the Canadian Institute of Chartered Accountants that these reserve funds be reported as deferred revenue.

Deferred revenue set aside for specific purposes by legislation, regulation or agreement as at August 31, 2006 is comprised of:

	2006	2005

DISTRICT SCHOOL BOARD OF NIAGARA

Notes to Consolidated Financial Statements, page 5

Year ended August 31, 2006

3. Employee future benefits (continued)

Retirement benefits:

(i) Ontario teacher's pension plan:

Teachers and related employee groups are eligible to be members of Ontario Teacher's Pension Plan. Employer contributions for these employees are provided directly by the Province of Ontario. The pension costs and obligations related to this plan are the direct responsibility of the Province. Accordingly, no costs or liabilities related to this plan are included in the Board's financial statements.

(ii) Ontario municipal employees retirement system:

All non-teaching employees of the Board are eligible to be members of the Ontario Municipal Employees' Retirement System (OMERS), a multi-employer pension plan. The plan provides defined pension benefits to employees based on their length of service and rates of pay. Effective January 1, 2005, employee contribution rates returned to levels of up to 8.8% of earnings. The Board contributions equal the employee contributions to the plan. During the year ended August 31, 2006, the Board contributed \$2,300,000 (2005 - \$2,116,000) to the plan. As this is a multi-employer pension plan, these contributions are the Board's pension benefit expenses. No pension liability for this type of plan is included in the Board's financial statements.

(iii) Retirement gratuities:

The Board provides retirement gratuities to certain groups of employees hired prior to specified dates. The amount of the gratuities paid to eligible employees at retirement is based on their salary, accumulated sick days, and years of service at retirement. The Board provides these benefits through an unfunded defined benefit plan. The benefit costs and liabilities related to this plan are included in the Board's financial statements.

(iv) Retirement life insurance and health care benefits:

The Board continues to provide life insurance, dental and health care benefits to certain employee groups after retirement until the members reach 65 years of age, at a cost to the retired member. The Board provides these benefits through an unfunded defined benefit plan. The benefit costs and liabilities related to this plan are included in the Board's financial statements.

Other employee future benefits:

(i) Workplace Safety and Insurance Board obligations:

The Board is a Schedule 2 employer under the Workplace Safety and Insurance Act and, as such, assumes responsibility for the payment of all claims to its injured workers under the Act. The Board does not fund these obligations in advance of payments made under the Act. The benefit costs and liabilities related to this plan are included in the Board's financial statements.

DISTRICT SCHOOL BOARD OF NIAGARA

Notes to Consolidated Financial Statements, page 8

Year ended August 31, 2006

3. Employee future benefits (continued)

(ii) Long-term disability life insurance and health care benefits:

The Board provides life insurance, dental and health care benefits to employees on long-term disability leave. The Board is responsible for the payment of life insurance premiums and the costs of health care benefits under this plan. The Board provides these benefits through an unfunded defined benefit plan. The costs of salary compensation paid to employees on long-term disability leave are fully insured and not included in this plan.

(iii) Sick leave:

The Board has accrued for sick leave that accumulates but does not vest.

The accrued benefit obligations for employee future benefit plans as at August 31, 2006 are based on an actuarial valuation for accounting purposes as at August 31, 2006. These actuarial valuations were based on assumption about future events. The economic assumptions used in these valuations are the Board's best estimates of expected rates of:

		%
Inflation		2
Wage and salary escalation		2.5
Insurance and health care cost escalation	13% decreasing to 2% over 12 years	
Dental cost escalation	5% decreasing to 2% over 4 years	
Discount on accrued benefit obligations		5.5

As detailed on the Schedule of the Reserve Fund, the Board has designated reserves for certain of these employee future benefit obligations. The balance of these reserves totaled \$8,339,534 at August 31, 2006 (2005 - \$8,313,709).

4. Net long-term liabilities:

Net long-term liabilities reported on the Consolidated Statement of Financial Position comprises the following:

	2006	2005
Debenture, bearing interest at rates ranging from 8% to 8.125% due November 2, 2005	\$ -	\$ 141,000
