

Consolidated Financial Statements of

DISTRICT SCHOOL BOARD OF NIAGARA

Year ended August 31, 2014

Management's Responsibility for the Consolidated Financial Statements

The accompanying consolidated financial statements of the District School Board of Niagara are the responsibility of the Board management and have been prepared in accordance with the Financial Administration Act, supplemented by Ontario Ministry of Education memorandum 2004:B2 and Ontario Regulation 395/11 of the Financial Administration Act, as described in Note 1 to the consolidated financial statements.

The preparation of consolidated financial statements necessarily involves the use of estimates based on management's judgment, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

Board management maintains a system of internal controls designed to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded in compliance with legislative and regulatory requirements, and reliable financial information is available on a timely basis for preparation of the consolidated financial statements. These systems are monitored and evaluated by management.

The Board meets with management and the external auditors to review the consolidated financial statements and discuss any significant financial reporting or internal control matters prior to their approval of the financial statements.

The consolidated financial statements have been audited by KPMG LLP, independent external auditors appointed by the Board. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the Board's consolidated financial statements.

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of the District School Board of Niagara

We have audited the accompanying consolidated financial statements of the District School Board of Niagara, which comprise the consolidated statement of financial position as at August 31, 2014, the consolidated statements of operations and accumulated surplus, change in net debt and cash flows for the year then ended, and notes, comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Consolidated Financial Statements

Management is responsible for the preparation of these consolidated financial statements in accordance with the basis of accounting described in note 1 to the consolidated financial statements, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained in our audit is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements of the District School Board of Niagara as at August 31, 2014 and for the year ended are prepared, in all material respects, in accordance with the basis of accounting described in note 1 to the consolidated financial statements.

Emphasis of Matter

Without modifying our opinion, we draw attention to note 1 to the consolidated financial statements which describes the basis of accounting used in the preparation of these consolidated financial statements and the significant differences between such basis of accounting and Canadian public sector accounting standards.

DISTRICT SCHOOL BOARD OF NIAGARA

Notes to Consolidated Financial Statements

Year ended August 31, 2014

1. Significant accounting policies:

The consolidated financial statements of the District School Board of Niagara (the "Board") are prepared by management in accordance with the basis of accounting described below. Significant accounting policies of the Board are as follows:

a. Basis of accounting:

The consolidated financial statements have been prepared in accordance with the Financial Administration Act supplemented by Ontario Ministry of Education memorandum 2004:B2 and Ontario Regulation 395/11 of the Financial Administration Act.

The Financial Administration Act requires that the consolidated financial statements be prepared in accordance with the accounting principles determined by the relevant Ministry of the Province of Ontario. A directive was provided by the Ontario Ministry of Education within memorandum 2004:B2 requiring school boards to adopt Canadian public sector accounting standards commencing with their year ended August 31, 2004 and that changes may be required to the application of these standards as a result of regulation.

In 2011, the government passed Ontario Regulation 395/11 of the Financial Administration Act. The Regulation requires that contributions received or receivable for the acquisition or development of depreciable tangible capital assets and contributions of depreciable tangible capital assets for use in providing services, be recorded as deferred capital contributions and be recognized as revenue in the statement of operations over the periods during which the asset is used to provide service at the same rate that amortization is recognized in respect of the related asset. The regulation further requires that if the net book value of the depreciable tangible capital asset is reduced for any reason other than depreciation, a proportionate reduction of the deferred capital contribution along with a proportionate increase in the revenue be recognized. For Ontario school boards, these contributions include government transfers, externally restricted contributions and, historically, property tax revenue.

The accounting policy requirements under Regulation 395/11 are significantly different from the requirements of Canadian public sector accounting standards which requires that

- government transfers, which do not contain a stipulation that creates a liability, be recognized as revenue by the recipient when approved by the transferor and the eligibility criteria have been met in accordance with public sector accounting standard PS3410;
- externally restricted contributions be recognized as revenue in the period in which the resources are used for the purpose or purposes specified in accordance with public sector accounting standard PS3100; and
- property taxation revenue be reported as revenue when received or receivable in accordance with public sector accounting standard PS3510.

Notes to Consolidated Financial Statements

Year ended August 31, 2014

1. Significant accounting policies (continued):

a. Basis of accounting (continued):

As a result, revenue recognized in the statement of operations and certain related deferred revenues and deferred capital contributions would be recorded differently under Canadian public sector accounting standards.

b. Reporting entity:

The consolidated financial statements reflect the assets, liabilities, revenues, and expenses of the reporting entity. The reporting entity is comprised of all organizations accountable for the administration of their financial affairs and resources to the Board and which are controlled by the Board.

School generated funds, which include the assets, liabilities, revenues, and expenses of various organizations that exist at the school level and which are controlled by the Board are reflected in the consolidated financial statements.

Consolidated entities:

School Generated Funds

Proportionately consolidated entities:

Niagara Student Transportation Services

Interdepartmental and inter-organizational transactions and balances between these organizations are eliminated.

c. Trust funds:

Trust funds and their related operations administered by the Board are not included in the consolidated financial statements, as these funds are not controlled by the Board.

d. Cash and cash equivalents:

Cash and cash equivalents comprise of cash on hand, demand deposits and short-term investments. Short-term investments are highly liquid, subject to insignificant risk of changes in value and have a short maturity term of less than 90 days.

DISTRICT SCHOOL BOARD OF NIAGARA

Notes to Consolidated Financial Statements

Year ended August 31, 2014

1. Significant accounting policies (continued):

e. Tangible capital assets:

Tangible capital assets are recorded at historical cost less accumulated amortization. Historical cost includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset, as well as interest related to financing during construction. When historical cost records were not available, other methods were used to estimate the costs and accumulated amortization.

Tangible capital assets, except land, are amortized on a straight line basis over their estimated useful lives as follows:

Asset	Useful Life - Years
Land improvements	15 years
Buildings	40 years
Portable structures	20 years
First-time equipping of schools	10 years
Furniture	10 years
Equipment	5-15 years
Computer hardware	5 years
Computer software	5 years
Vehicles	5-10 years

Assets under construction and assets that relate to pre-acquisition and pre-construction costs are not amortized until the asset is available for productive use.

Land permanently removed from service and held for resale is recorded at the lower of cost and estimated net realizable value. Cost includes amounts for improvements to prepare the land for sale or servicing. Buildings permanently removed from service and held for resale cease to be amortized and are recorded at the lower of carrying value and estimated net realizable value. Tangible capital assets which meet the criteria for financial assets are reclassified as "assets held for sale" on the consolidated statement of financial position.

Works of art and cultural and historic assets are not recorded as assets in these consolidated financial statements.

DISTRICT SCHOOL BOARD OF NIAGARA

Notes to Consolidated Financial Statements

Year ended August 31, 2014

1. Significant accounting policies (continued):

f. Deferred revenue:

Certain amounts are received pursuant to legislation, regulation or agreement and may only be used in the conduct of certain programs or in the delivery of specific services and transactions. These amounts are recognized as revenue in the fiscal year the related expenses are incurred or services performed.

g. Deferred capital contributions:

Contributions received or receivable for the purpose of acquiring or developing a depreciable tangible capital asset for use in providing services, or any contributions in the form of depreciable tangible assets received or receivable for use in providing services, shall be recognized as deferred capital contribution as defined in Ontario Regulation 395/11 of the Financial Administration Act when the asset has been acquired. These amounts are recognized as revenue at the same rate as the related tangible capital asset is amortized. The following items fall under this category:

- Government transfers received or receivable for capital purpose
- Other restricted contributions received or receivable for capital purpose
- Property taxation revenues which were historically used to fund capital assets

h. Retirement and other employee future benefits:

The Board provides defined retirement and other future benefits to specified employee groups. These benefits include life insurance, health care benefits, dental benefits, retirement gratuity, worker's compensation, and long-term disability benefits.

The Board has adopted the following policies with respect to accounting for these employee benefits:

- (i) The costs of self-insured retirement and other employee future benefit plans are actuarially determined using management's best estimate of salary escalation, accumulated sick days at retirement, insurance and health care costs trends, disability recovery rates, long-term inflation rates and discount rates. For certain employee groups, the cost of retirement gratuities are actuarially determined using the employee's salary, banked sick days, and years of service as at August 31, 2012 and management's best estimate of discount rates. Any actuarial gains and losses arising from changes to the discount rate are amortized over the expected average remaining service life of the employee group.

For self-insured retirement and other employee future benefits that vest over the periods of service provided by employees, such as retirement gratuities and life insurance and health care benefits for retirees, the cost is actuarially determined using the projected benefits method prorated on service. Under this method, the benefit costs are recognized over the expected average service life of the employee group.

DISTRICT SCHOOL BOARD OF NIAGARA

Notes to Consolidated Financial Statements

Year ended August 31, 2014

1. Significant accounting policies (continued):

h. Retirement and other employee future benefits (continued):

For those self-insured benefit obligations that arise from specific events that occur from time to time, such as obligations for worker's compensation, long-term disability and life insurance and health care benefits for those on disability leave, the cost is recognized immediately in the period the events occur. Any actuarial gains and losses that are related to these benefits are recognized immediately in the period they arise.

- (ii) The costs of multi-employer defined pension plan benefits, such as the Ontario Municipal Employee Retirement System pensions, are the employer's contributions due to the plan in the period.
- (iii) The costs of insured benefits are the employer's portion of insurance premiums owed for coverage of employees during the period.

i. Government transfers:

Government transfers, which include legislative grants, are recognized in the consolidated financial statements in the period in which events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met and reasonable estimates of the amount can be made.

Government transfers for capital are included in deferred capital contributions as described in note 1(g).

j. Investment income:

Investment income is reported as revenue in the period earned.

When required by the funding government or related Act, investment income earned on externally restricted funds such as pupil accommodation, education development charges and special education forms part of the respective deferred revenue balances.

k. Budget figures:

Budget figures have been provided for comparison purposes and have been derived from the budget approved by the Trustees. The budget approved by the Trustees on June 24, 2013, is developed in accordance with the provincially mandated funding model for school boards and is used to manage program spending within the guidelines of the funding model.

DISTRICT SCHOOL BOARD OF NIAGARA

Notes to Consolidated Financial Statements

Year ended August 31, 2014

1. Significant accounting policies (continued):

i. Use of estimates:

The preparation of consolidated financial statements in conformity with the basis of accounting described in note 1(a) requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenues and expenses during the year. These estimates are reviewed periodically and, as adjustments become necessary, they are reported in net expenses in the periods in which they become known. Significant estimates include assumptions used in estimating provisions for accrued liabilities and in performing actuarial valuations of employee future benefits liabilities. Actual results could differ from these current estimates.

2. Accounts receivable – Government of Ontario:

The Province of Ontario replaced variable capital funding with a one-time debt support grant in 2009-10. The Board received a one-time grant that recognizes capital debt as of August 31, 2010 that is supported by the existing capital programs. The Board receives this grant in cash over the remaining term of the existing capital debt instruments. The Board may also receive yearly capital grants to support capital programs which would be reflected in this account receivable.

The Board has an account receivable from the Province of Ontario of \$119,953,983 as at August 31, 2014 (2013 - \$118,924,197) with respect to capital grants.

3. Assets held for sale:

As of August 31, 2014, \$1,298,940 (2013 - \$684,963) related to buildings and \$79,663 (2013 - \$3,000) related to land were recorded as assets held for sale. During the year, three properties were sold, and additional properties with a net book value of \$1,420,444 were reclassified during the year. Net proceeds of \$1,848,885 (2013 - \$nil) were received on the sale of these properties, which had a carrying value of \$729,804 (2013 - \$nil), resulting in a gain of \$1,119,081, all of which was deferred for future capital assets purchases according to Ontario Regulation 193/10.

7. Employee Future Benefits (continued):

Included in expenses is \$12,751 (2013 - \$23,019) for amortization of the actuarial loss. The unamortized actuarial loss is amortized over the expected average remaining service life of 6.32 years (2013 – 6.62 years).

Plan changes:

In 2013, changes were made to the short term leave and disability plan. Under the new short term leave and disability plan, eleven unused sick leave days may be carried forward into the following year only, to be used to top-up benefits received under the short term leave and disability plan in that year. A new provision was established as of August 31, 2013 representing the expected usage of sick days that have been carried forward for benefit top-up in the following year.

Retirement life insurance and health care benefits have been grandfathered to existing retirees and employees who retired in 2012-13. Effective September 1, 2013, new retirees from certain employee groups accessing Retirement Life Insurance and Health Care Benefits paid the full premiums for such benefits and are included in a separate experience pool that is self-funded.

Retirement benefits:

(i) Ontario Teacher's Pension Plan:

Teachers and related employee groups are eligible to be members of Ontario Teacher's Pension Plan. Employer contributions for these employees are provided directly by the Province of Ontario. The pension costs and obligations related to this plan are the direct responsibility of the Province. Accordingly, no costs or liabilities related to this plan are included in the Board's consolidated financial statements.

(ii) Ontario Municipal Employees Retirement System:

All non-teaching and support staff employees of the Board are eligible to be members of the Ontario Municipal Employees' Retirement System (OMERS), a multi-employer pension plan. The plan provides defined pension benefits to employees based on their length of service and rates of pay. The Board contributions equal the employee contributions to the plan. During the year ended August 31, 2014, the Board contributed \$4,723,840 (2013 - \$4,525,676) to the plan. As this is a multi-employer pension plan, these contributions are the Board's pension benefit expenses. No pension liability for this type of plan is included in the Board's consolidated financial statements.

(iii) Retirement gratuities:

The Board provides retirement gratuities to certain groups of employees hired prior to specified dates. The Board provides these benefits through an unfunded defined benefit plan. The benefit costs and liabilities related to this plan are included in the Board's consolidated financial statements.

7. Employee future benefits (continued):

(iv) Retirement life insurance and health care benefits:

The Board provides life insurance, dental and health care benefits to a certain employee group after retirement. The premiums are based on the Board experience and retirees' premiums are subsidized by the board. The benefit costs and liabilities related to the plan are provided through an unfunded defined benefit plan and are included in the Board's consolidated financial statements.

Other employee future benefits:

(i) Workplace Safety and Insurance Board obligations:

The Board is a Schedule 2 employer under the Workplace Safety and Insurance Act and, as such, assumes responsibility for the payment of all claims to its injured workers under the Act.

The Board does not fund these obligations in advance of payments made under the Act. The benefit costs and liabilities related to this plan are included in the Board's consolidated financial statements. Plan changes made in 2012 requires school boards to provide salary top-up to a maximum of 4 ½ years for employees receiving payments from the Workplace Safety and Insurance Board, where the previously negotiated collective agreement included such provision.

(ii) Long-term disability life insurance and health care benefits:

The Board provides life insurance, dental and health care benefits to employees on long-term disability leave. The Board is responsible for the payment of life insurance premiums and the costs of health care benefits under this plan. The Board provides these benefits through an unfunded defined benefit plan. The costs of salary compensation paid to employees on long-term disability leave are fully insured and not included in this plan.

(iii) Sick leave top-up benefits:

As a result of new changes made in 2012-2013 to the short term sick leave and disability plan, a maximum of eleven unused sick leave days from the current year may be carried forward into the following year only, to be used to top-up salary for illnesses paid through the short-term leave and disability plan in that year. The benefit costs expensed in the financial statements are \$179,406 (2013 – \$347,421).

For accounting purposes, the valuation of the accrued benefit obligation for the sick leave top-up is based on actuarial assumptions about future events determined as at August 31, 2014 and is based on the average daily salary and banked sick days of employees as at August 31, 2014. These valuations take into account the plan changes outlined above and the economic assumptions used in these valuations are the Board's best estimates of expected rates of:

12. Partnership in Niagara Student Transportation Services:

On March 6, 2007, the Board entered into an agreement with Niagara Catholic District School Board to provide common administration of student transportation services. On March 9, 2007, Niagara Student Transportation Services ("NSTS") was incorporated under the Corporations Act of Ontario. Each Board participates in the shared costs associated with this service for the transportation of their respective students through NSTS.

This entity is proportionately consolidated in the Board's consolidated financial statements whereby the Board's pro-rata share of assets, liabilities, revenues and expenses of the consortium are included in the Board's consolidated financial statements. Inter-organizational transactions and balances have been eliminated.

14. Ontario School Board Insurance Exchange (OSBIE):

The school board is a member of the Ontario School Board Insurance Exchange (OSBIE), a reciprocal insurance company licensed under the Insurance Act. OSBIE insures general public liability, property damage and certain other risks.

The ultimate premiums over a five year period are based on the reciprocal's and the Board's actual claims experience. Periodically, the Board may receive a refund or be asked to pay an additional premium based on its pro rata share of claims experience. The current five year term expires December 31, 2016.

15. Employee benefit plans:

The Board has agreed to provide a group health and welfare plan for certain employees and has assumed the liability for payment of benefits under this plan. The Board has contracted with an insurer for coverage of claims paid in excess of \$25,000 per plan member per year. An amount of \$7,621,819 (2013 - \$7,314,561) has been provided for this liability.

16. Commitments:

The Board is committed to pay \$20,386,949 for capital expenditures.

17. Repayment of “55 School Board Trust” Funding:

On June 1, 2003, the Board received \$9,176,721 from The 55 School Board Trust for its capital related debt eligible for provincial funding support pursuant to a 30-year agreement it entered into with the trust. The 55 School Board Trust was created to refinance the outstanding not permanently financed (NPF) debt of participating boards who are beneficiaries of the trust. Under the terms of the agreement, The 55 School Board Trust repaid the Board's debt in consideration for the assignment by the Board to the trust of future provincial grants payable to the Board in respect of the NPF debt.

As a result of the above agreement, the liability in respect of the NPF debt is no longer reflected in the Board's financial position.

18. Litigation and claims:

The Board is involved from time to time in litigation, which arises in the normal course of business. In respect of any outstanding claims, the Board believes it has valid defenses. In Administration's judgment, no material exposure exists on the eventual settlement of such litigation, and accordingly, no provision has been made in the accompanying financial statements.
